Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life.

The Message of the Qur'ān ,2003

Tarjaman-ul-Quran A. K. Azad,1989-08-01

Lughat-UL-Quran 2 Ghulam Ahmad Parwez,2015-01-18 In order to understand the true message and spirit of the Holy Quran, it is essential to know the language it has been revealed in. The first step is to understand the meaning of individual words. One needs to understand how words were used by the ancient Arabs by the time of Quranic revelation, and not depend on anyone's explanation or understanding as to what they mean today. Along with proper understanding of Arabic grammar, the true meanings of Quranic words, and their use with respect to the context in which they have been revealed in, one student of Quran may get closer to the Truth. The task of creating a Quranic dictionary or encyclopedia that would explain the classical meanings of Quranic words and their use along with significance was undertaken by Allama Ghulam Ahmed Parwez in 1960, where he compiled Lughat-ul-Quran in Urdu language. Now this dictionary has been translated to English by Quranic Education Society in Norway, in order to appeal to a larger audience worldwide and to inspire modern Quranic students.

The Ethics of Care in Times of Social and Moral Upheaval Marco Ettore Grasso,2024-03-25 This collection of essays highlights the topic of the ethics of care in times when it is difficult for human beings to ensure survival for themselves. "Taking care" is an expression that could refer to the most varied situations of social life: taking care of one's loved ones, taking care of oneself, taking care of the environment in which we live, taking care of life itself and every nuance, as well as taking care of those you meet along the way. The emergency scenarios and the frenetic social changes that are before us put

a strain on our motivation to take care, and cause us to turn our attention to solving everyday problems. However, do these scenarios and changes have the power to undo the various sensitivities regarding caring for someone or something else? The content of taking care concerns different ways of thinking, such as critical thinking.
