*Everything I Know About Business I Learned at McDonalds* Adina Genn, Paul Facella, 2015-03-20 What is it about McDonald's that has enabled it to produce more millionaires from within its ranks than any company in history? What earns the undying respect and loyalty of its franchisees, vendors, and 47 million customers served daily, from Moscow to Evansville to Rio de Janeiro? And how does it continue to expand its products, retool its image, and become more popular with each passing year? Few authors are as qualified to answer those questions as company insider Paul Facella. Beginning behind the counter at age 16, Paul literally grew up at McDonald's. From counter, to grill, to Regional Vice President, he has, over the course of his distinguished 34-year career, developed an intimate knowledge of the fast-food giant's management practices and culture. He's also forged personal ties to its legendary leaders, including founder Ray Kroc and CEOs Fred Turner, Mike Quinlan, Jack Greenberg, former President Ed Rensi, and current CEO Jim Skinner. *Everything I Know About Business I Learned at McDonald's* delivers an up-close-and-personal look at a company where talent is cultivated and encouraged to thrive, from the individual restaurant to the corner office. With the help of in-depth interviews and "in their own words" commentaries from company executives, franchisees, and vendors, he explores McDonald's result-driven culture, and reveals the core principles, first laid down by founder Ray Kroc in 1955, that have successfully guided the company for more than five decades. Finally, Paul distills all that knowledge and experience into powerful lessons on teamwork, leadership, integrity, communication, and relationship building that you'll use to achieve stellar results in your company-whether your goal is to build an international business empire of your own, or just the best darned shop in town.

**Ray & Joan** Lisa Napoli, 2016-11-15 The movie *The Founder*, starring Michael Keaton, focused the spotlight on Ray Kroc, the man who amassed a fortune as the chairman of McDonald's. But what about his wife Joan, the woman who became famous for giving away his fortune? Lisa Napoli tells the fascinating story behind the historic couple. *Ray & Joan* is a quintessentially American tale of corporate intrigue and private passion: a struggling Mad Men-era salesman with a vision for a fast-food franchise that would become one of the world's most enduring brands, and a beautiful woman willing to risk her marriage and her reputation to promote controversial causes that touched her deeply. Ray Kroc was peddling franchises around the country for a fledgling hamburger stand in the 1950s—McDonald's, it was called—when he entered a St. Paul supper club and encountered a beautiful young piano player who would change his life forever. The attraction between Ray and Joan was instantaneous and instantly problematic. Yet even the fact that both were married to other people couldn't derail their roller coaster of a romance. To the outside world, Ray and Joan were happy, enormously rich, and giving. But privately, Joan was growing troubled over Ray's temper and dark secret, something she was reluctant to publicly reveal. Those close to them compared their relationship to that of Elizabeth Taylor and Richard Burton. And yet, this volatility paved the way for Joan's transformation into one of the greatest philanthropists of our time. A force in the peace movement, she produced activist films, books, and music and ultimately gave away billions of dollars, including landmark gifts to the Salvation Army and NPR. Together, the two stories form a compelling portrait of the twentieth century: a story of big business, big love, and big giving.

*Encyclopedia of Junk Food and Fast Food* Andrew F. Smith, 2006-08-30 Eating junk food and fast food is a great all-American passion. American kids and grownups love their candy bars, Big Macs and supersized fries, Doritos, Twinkies, and Good Humor ice cream bars. The disastrous health effects from the enormous appetite for these processed fat- and sugar-loaded foods are well publicized now. This was particularly dramatically evidenced by Super Size Me (2004), filmmaker Morgan Spurlock's 30-day all-McDonald's diet in which his liver suffered the same poisoning as if he had been on an extended alcohol binge. Through increased globalization, American popular food culture is being increasingly emulated elsewhere in the world, such as China, with the potential for similar disastrous consequences. This A-to-Z reference is the first to focus on the junk food and fast food phenomena from a multitude of angles in addition to health and diet concerns. More than 250 essay entries objectively explore the scope of the topics to illuminate the American way through products, corporations and entrepreneurs, social history, popular culture, organizations, issues, politics, commercialism and consumerism, and much more. Interest in these topics is high. This informative and fascinating work, with entries on current controversies such as mad cow disease and factory farming, the food pyramid, movie tie-ins, and marketing to children, will be highly useful for reports, research, and browsing. It takes readers behind the scenes, examining the significance of such things as uniforms, training, packaging, and franchising. Readers of every age will also enjoy the nostalgia factor, learning about the background of iconic drive-ins, the story behind the mascots, facts about their favorite candy bar, and collectables. Each entry ends with suggested reading. Besides an introduction, a timeline, glossary, bibliography, resource guide, and photos enhance the text. Sample entries: A&W Root Beer; Advertising; Automobiles; Ben & Jerry's; Burger King; Carhops; Center for Science in the Public Interest; Christmas; Cola Wars; Employment; Fair Food; Fast Food Nation; Hershey, Milton; Hollywood; Injury; Krispy Kreme; Lobbying; Nabisco; Obesity; PepsiCo; Salt; Soda Fountain; Teen Hangouts; Vegetarianism; White Castle; Yum! Brands, Inc.
