Unlimited Power (Summary) Anthony Robbins,2006 getAbstract Summary: Get the key points from this book in less than 10 minutes.Do you want to take control of your life, abolish your limitations and achieve your most elusive goals? Anthony Robbins teaches you how to do just that. You'll learn how your brain processes information and how to manipulate that process to your advantage. You'll explore the science of Neuro-Linguistic Programming (NLP), the study of human neurology, so you can analyze and duplicate your successes. Robbins uses NLP extensively, although many experts debunk it. He explains that the best path to success is to find an accomplished person, discover his or her strategies for becoming successful, and duplicate that process. He also weighs in on how to keep your weight down, communicate and eliminate bad habits. By the way, he cautions against skimming this book to separate the self-help wheat from the chaff. Instead, he encourages you to read every page and perform every exercise. This is not easy because he explains each concept at least

two or three ways. However, Robbins has a big following and is clearly onto something; getAbstract thinks you might want to find out just what. This book is a good place to start if you seek a personal achievement makeover. Book Publisher: Copyright 1986 by Robbins Research Institute. Driving Force Anthony Robbins, 2005-01-03 Emotions are the driving force behind all human action and experience. The most sublime acts of creation and the most depraved behaviour are products of human emotion unleashed. And within each one of us is the potential for the whole range of those emotions. In INNER STRENGTH, Tony Robbins shows you how to master the powerful emotional forces that drive everything you do. In this new blockbuster Robbins takes you on a journey into your deepest self, and into the next stage of your evolution where instead of ignoring or suppressing your emotions, you embrace all of them, good and bad. Robbins challenges you to strip away your intellect and your daily routines to get at your essence " what's behind your drive to achieve? Is it the desire to find love? To raise your children well? To be financially free? What are you doing it all for? To get more out of life, you have to own your own nature. INNER STRENGTH offers you a personal emotional fitness plan. This step-by-step regimen will help you discover which emotions dominate your life, and provide you with an emotional 'prescription' " an antidote to the patterns that have been holding you back. The 12-minute emotional 'workout' will transform your outlook and level of fulfillment in a matter of weeks. Harness the power of your emotions and you will not only be fulfilled, you will also achieve more and greater things than you ever thought yourself capable of.

The Path Peter Mallouk, 2020-10-13 Accelerate your journey to financial freedom with the tools, strategies, and mindset

of money mastery. Regardless of your stage of life and your current financial picture, the quest for financial freedom can indeed be conquered. The journey will demand the right tools and strategies along with the mindset of money mastery. With decades of collective wisdom and hands-on experience, your guides for this expedition are Peter Mallouk, the only man in history to be ranked the #1 Financial Advisor in the U.S. for three consecutive years by Barron's (2013, 2014, 2015), and Tony Robbins, the world-renowned life and business strategist. Mallouk and Robbins take the seemingly daunting goal of financial freedom and simplify it into a step-by-step process that anyone can achieve. The pages of this book are filled with real-life success stories and vital lessons, such as...

- Why the future is better than you think and why there is no greater time in history to be an investor
- How to chart your personally tailored course for financial security
- How markets behave and how to achieve peace of mind during volatility
- What the financial services industry doesn't want you to know
- How to select a financial advisor that puts your interests first
- How to navigate, select, or reject the many types of investments available
- Success without fulfillment is the ultimate failure! Financial freedom is not only about money—it's about feeling deeply fulfilled in your own personal journey

"Want an eye-opening guide to money management—one that tells it like it is and will make you laugh along the way? Peter Mallouk's tour of the financial world is a tour de force that'll change the way you think about money." —Jonathan Clements, Former Columnist for The Wall Street Journal and current board member and Director of Financial Education at Creative Planning

"Robbins is the best economic moderator that I've ever worked with. His mission to bring insights from the world's greatest financial minds to the average investor is truly inspiring." —Alan Greenspan, Former Federal Reserve Chairman

Tony is a force of nature." —Jack Bogle, Founder of Vanguard

Popular Management Books Staffan Furusten, 1999-09-13 The growing interest in management knowledge has generated an enormous literature and brought great success for a number of management gurus. This book is a timely and radical critique of the quick-fix solutions offered by popular management books. Features include: *Detailed criticism of the ideological hegemony of North American managerial discourse *An interrogation of books by leading populist management gurus such as Tom Peters, Richard Normann and Robert Waterman *An institutional approach to the creation, diffusion and consumption of management knowledge *The implications for organisations of acting on popular managerial discourse

Popular Management Books is a much needed corrective to the under-researched truisms of many management books.

Napoleon Hill's a Year of Growing Rich Napoleon Hill,1993-12-01 The phenomenal bestseller *Think and Grow Rich* established Napoleon Hill as an authority on motivation and success. These revised and updated motivational and inspirational passages-keys to wealth, power, happiness, and good health-were originally published in Hill's magazine, *Success Unlimited*.

Quantifying Consciousness R.J. Pekala,2013-11-11 This book presents an approach to quantifying consciousness and its various states. It represents over ten years of work in developing, testing, and researching the use of relatively simple self-report questionnaires in the retrospective assessment of subjective or phenomenological experience. While the simplicity of the method allows for subjective experience to be reliably and validly assessed across various short stimulus conditions, the flexibility of the approach allows the cognitive psychologist, consciousness researcher, and mental health professional to quantify and statistically assess the phenomenological variables associated with various stimulus conditions, altered-state induction techniques, and clinical procedures. The methodology allows the cognitive psychologist and mental health professional to comprehensively quantify the structures and patterns of subjective experience dealing with imagery, attention, affect, volitional control, internal dialogue, and so forth to determine how these phenomenological structures might covary during such stimulus conditions as free association, a sexual fantasy, creative problem solving, or a panic attack. It allows for various phenomenological processes to be reported, quantified, and statistically assessed in a rather comprehensive fashion that should help shed greater understanding on the nature of mind or consciousness.

Napoleon Hill's Keys to Success Napoleon Hill,1997-10-01 Napoleon Hill summed up his philosophy of success in *Think and Grow Rich!*, one of the bestselling inspirational business books ever. A recent USA Today survey of business leaders named it one of the five most influential books in its field, more than 40 years after it was first published. Now, in *Napoleon Hill's Keys to Success*, his broadly outlined principles are expanded in detail for the first time, with concrete advice on their use and implementation. Compiled from Hill's teaching materials, lectures, and articles, *Napoleon Hill's Keys to Success* provides mental exercises, self-analysis techniques, powerful encouragement, and straightforward advice to anyone seeking personal and financial improvement. In addition to Hill's many personal true-life examples of the principles in action, there are also contemporary illustrations featuring dynamos like Bill Gates, Peter Lynch, and Donna Karan. No other Napoleon Hill book has addressed these 17 principles so completely and in such precise detail. For the millions of loyal Napoleon Hill fans and for those who discover him each year, *Napoleon Hill's Keys to Success* promises to be a valuable and important guide on the road to riches.
